ENROLLING AT SEWANEE
Wednesday, April 15, 2020

THE SEWANEE PLEDGE
Wednesday, April 22, 2020
Let’s flourish, together.

At Sewanee, we know there is a direct relationship between your success in the classroom and student health and wellness under one roof in the newest addition to our Wellness Commons.

In the past five years, Sewanee students have studied away from the Sewanee campus in all 50 states and more than 64 countries, covering each continent around the world except Antarctica. The Office of Global Citizenship assists students in reflecting on what they wish to achieve by studying away and working with students to identify programs that meet those goals. We help you find the programs that fit you and your educational experience.

You have some work to do to successfully enroll

For those lucky ones who have already decided to call Sewanee home, there are still a few steps to complete. Your “Enrollment Checklist” will be your “Enrollment Checklist” after you have submitted your enrollment deposit through your Application Status Page.

Reach out to your counselor to find out more!
