

## **Financial Aid for a Ninth Semester in the College**

The University customarily provides financial aid for a ninth semester of enrollment in the College in order to complete a bachelor's degree. The academic determination of eligibility for continued study at the College occurs through the work of the Standards Committee, following procedures for separation and reinstatement administered by the Dean of the College and the Dean of Students. If a student is determined eligible for continued study for a ninth semester, the Office of Financial Aid will determine the amount of financial aid, according to normal practices, to enable the student to complete the semester and the bachelor's degree.
