

MEMORIAL & HONOR OPPORTUNITIES

*at the University of the South,
Sewanee, Tennessee*

Sewanee is pleased to offer opportunities for donors to pay tribute to important relationships. All memorial and recognition projects are arranged through the Office of University Relations, in partnership with the Memorials and Recognition Committee and the University's Facilities Management team.

The process for establishing a memorial or recognition gift:

1. Determine your preferred form of recognition (i.e., bench or chair).
2. Contact the Office of University Relations to discuss your plans.
3. Make a gift of the full amount associated with your selected option. (Pledges can be made but must be honored in full before the recognition piece is ordered.)
4. Review and approve plaque language.
5. Please allow six weeks for project completion. Benches can be set up at specific locations approved by the University.
