

**AT THE CENTER FOR STUDENT SUCCESS AND FLOURISHING**, we help students design a four-year experience that unlocks their potential to achieve the extraordinary, prepares them for what comes after Sewanee, and enhances their chances for success on campus and beyond.

### FLOURISHING

- We're building a community where everyone can live a truly fulfilling life.
- Verge, our flourishing platform, provides education, tools, resources, and in-person opportunities to help students be their best selves and thrive.

### SELF-DISCOVERY

- We ask great questions and listen to students' answers. (And to what's *not* being said.)
- CliftonStrengths, YouScience, and Myers-Briggs Type Indicator are provided at no cost to students.

### SUCCESS COACHING

- All new students are paired with a student success and career readiness coach to help with developing goals and enacting strategies for success; returning students can be referred for coaching or make an appointment as needed.
- We offer tools for academic support, career readiness, time management, and finding connections on campus.
